

Kate Russell started writing about technology, gaming and the Internet in 1995 and now appears weekly on BBC World and BBC2 reporting for technology programme [Click](#). A regular expert on the sofa at ITV's Daybreak and various other TV and radio stations, she writes columns for [National Geographic Traveller](#) magazine (about travel apps and websites), [BBC Focus](#) magazine (about science apps) and [Original Volunteers](#) website (about travel tech tips, tools and apps).

Her first book '[Working the Cloud](#)' delivered a collection of online tips, tricks and resources for small businesses, start-ups and entrepreneurs.

In 2014 she published her first novel, a sci-fi story based on a remake of the computer game that first sparked her interest in technology back in 1984 – [Elite Dangerous](#). [Elite: Mostly Harmless](#) is a humorous space romp that follows the disastrous life and career of Commander Angel Rose. It is available as an [eBook on Amazon](#) or you can order the [paperback](#), [hardback](#) and [audio book](#) (read by Kate) versions from the Fantastic Book Publishing online store. 10% of the proceeds of this book will be donated to [Special Effect](#) who have made it their mission to beat physical disability and allow everyone to enjoy playing video games. If you need further persuasion check out the [45 reviews on Amazon](#) all raving about Kate's writing.

Kate is also a prolific speaker and commentator on the technology scene, often being invited to speak in schools and at educational events to inspire the next generation of tech enthusiasts. You can watch some clips and read testimonials from her clients on the [TESTIMONIALS PAGE](#). She was also the only British journalist shortlisted for the [Shorty Awards](#) in 2013. You can find her being social on [Twitter](#), [Facebook](#) and [Google+](#), where she performs her favourite party trick of coming up with a website for every occasion and frequently posts photographs of her cats, Captain Jack & Tia.

Visit [KATE'S HISTORY](#) site for more in-depth information about her career and how she started in technology journalism as well as old archive videos and details about new projects (I will get around to transposing the information to this website eventually!!). There is an ongoing collection of links to Kate's published work in her [BIT.LY bundles archive](#). If you have any questions or comments please email info@katerussell.co.uk.
